

## PEACE TABLE #WOMEN SERIOUSLY ACTIVITY

Peace table - #Women Seriously

The women peace table brought together a total of 30 participants working in programme implementation in national NGOs and CBOs in the Uasin Gishu County of Kenya. All organizations represented have been implementing projects aimed at enhancing participation of women in peacebuilding and politics and also prevention of violence against women. Many others also have initiatives aimed at highlighting women human rights crusaders and enhancing women economic empowerment. Some of those who participated were also drawn from the District Peace Committees.

The aim of the peace table was to celebrate the 10<sup>th</sup> anniversary of the Peace women Across the Globe (PWAG).

Another objective is to create awareness of the #Women Seriously Campaign whose slogan is "If we are serious about Peace, we must take women seriously!"

This is an excellent initiative as it provides room to take stock of achievements in women empowerment in areas of peace, politics, socially and economically. It is also a powerful tool for suggesting recommendations from the grassroots to those in the executive for purposes of implementation

Our sincere appreciation and gratitude goes to our partners Peace Women Across the Globe for making the event happen.
